## LABOR FEDERATION.

Executive Committee Meeting at Indianapolis.

### SEVERAL QUESTIONS CONSIDERED

The Most Important One Is an Endeavor to Bring About an Eight-Hour Day. Woman Hurled Off a High Trestle. Double Tragedy Without a Known Cause—Other Happenings in Indiana.

INDIANAPOLIS, March 24.—The executive committee of the National Federation of Labor began its regular conference in this city yesterday. Those present were: President Gompers, Secretary August McGrath, R. J. Maguire of Philadelphia, first vice president; James Duncan of Baltimore, second vice president; James O'Connell of Chicago, third vice president, and M. M. Garland of Pittsburgh, fourth vice president. The conference lasted until a late hour in the evening and was devoted chiefly to a discussion of the best means of bringing about an eight-hour day.

A poll of those present showed a unanimous sentiment in favor of taking executive action at once that will test the question as to whether the affiliated labor organizations of the country are capable of securing what they claim to be their rights in this particular. It was the sentiment that a concerted effort should be made and in order to devise ways and means the matter was referred to a subcommittee composed of Messrs. Maguire, Lennon and O'Connell, who will make a report on the subject.

There are three national organizations—the Carpenters, Iron Ore Workers and Horseshoers—who have volunteered to do anything that the council may order to bring about the desired result. It was given out by Secretary McGrath that the Carpenters' National union will probably be selected to make the test, and when questioned he said that it was not only possible but probable that the council will order a strike of this union throughout the country in order to bring about the desired result.

The secretary's report submitted yesterday shows a marked increase in the federation's finances and membership, two charters having been issued so far this year to one during the same time last year.

Grievances of the musicians at Milwaukee and painters at Pittsburg were discussed without action. It was decided to send President Gompers to Washington in November at the time of the National Musicians convention to expose labor bills before congress. The question of federal power in injunction cases will probably be taken up and a law governing sympathetic strikes will likely be formulated.

### A STRANGER KILLS HIMSELF.

His Body Is Found in the Roadway With a Pistol at Its Side.

RUSHVILLE, Ind., March 24.—The village of Falmouth is excited over the mysterious suicide of a stranger in that village Sunday evening. Some boys going to church noticed a well dressed man walking along the highway, west of the town. He had a melancholy look and seemed to be in a contemplative mood. He was middle-aged and well-dressed, and appeared to be a traveling salesman.

Two hours later a group of young people returning from the church found the body of the stranger lying in a ditch by the roadside, and investigation showed that he had committed suicide by a pistol shot in the brain. Nothing on his person furnished a clew to his identity. He carried a gold watch.

### THROWN FROM A TRESTLE.

A Woman's Narrow Escape From Death in Lost River.

MITCHELL, Ind., March 24.—Mrs. Ellen Kiger, colored, of Louisville, en route to West Baden Springs, Ind., to join her husband, a waiter at that place, was overtaken by a passenger train while crossing Lost river bridge and thrown from the trestle, some 25 feet into the river, sustaining injuries that may prove fatal, her skull being fractured, arm broken and left leg broken above the ankle.

By the heroic effort of Brakeman A. T. Pearson jumping from his train and plunging into the river the woman was saved from drowning. A special train conveyed the injured woman to Orleans, where medical aid was summoned.

### BY HIS MOTHER'S GRAVE.

William Hogarth Found Dead With a Bullet in His Brain.

PLYMOUTH, Ind., March 24.—The body of William Hogarth, for many years a leading painter and paper hanger of Plymouth, was yesterday morning found lying beside his mother's grave, in Oak Hill cemetery, this city, with a bullet in his brain.

He was about 36 years old, and had for many years been a constant slave to the opium habit, for which he has for several months past been under treatment. His mind, however, began to wander under the strain, and he was oftentimes in a demented condition.

### Saved From a Burning Stable.

KOKOMO, Ind., March 24.—W. W. Dimmock, proprietor of the Palace stables, Laundry Girl, Mr. Ball and other trotting horses had a narrow escape from death. He had driven out to Deer Creek, and while eating dinner, the barn in which the horses were being fed took fire. While in the stable trying to

rescue the animals the loft of burning hay fell in, burying Mr. Dimmock and the horses in the blazing mass. As the entire building was about to collapse the door was shattered in by outside helpers, and Mr. Dimmock was rescued.

### Double Tragedy Without a Cause.

NOBLESVILLE, Ind., March 24.—A double tragedy occurred on the farm of William Frost, seven miles north of this city at noon yesterday. James and Henry McCoy, brothers, have been living in that neighborhood for a year. Yesterday morning Henry left his home to haul some wood. When he returned at noon he was met in the yard by James, who, without a word, emptied the contents of a shotgun into his body. The murderer then killed himself with the same weapon. No cause is assigned for the deed.

### MADE WILD THREATS.

Public Horsewhipping Results in a Riot in a Michigan Town.

DETROIT, March 24.—A special to The Free Press from Holland, Mich., says: An enormous crowd of men tried last night to rent the opera house for the purpose of holding an indignation meeting over the public horsewhipping last Saturday night of Frank Shooter, a youth who had been acting as correspondent for a sensational publication in Grand Rapids. As the hall was in use the mob built a fire in the main streets and proceeded to make wild threats and speeches against city officers who had permitted Shooter's assailants to vent their anger on a boy.

City Marshal Vanry attempted to arrest a man and a crowd rallied to the fellow's support. The marshal with assistance of other officers finally jailed the man, although they were struck several times with clubs, stones and fists. The mob followed, threatening to break open the jail. To save bloodshed the man was finally released and he was carried back on the shoulders of his friends while the riot still reigned. Excitement is still at white heat. Five well known citizens were arrested yesterday afternoon charged with horsewhipping Shooter.

### QUAY'S ESCORT

Pennsylvanians Will Make a Display at the St. Louis Convention

PHILADELPHIA, March 24.—A party is being organized in this city to act as an escort to the members of the Pennsylvania delegation to the Republican national convention at St. Louis, which will consist of between 300 and 400 active Republicans who favor the nomination of Senator Quay for president.

The escort will include men from Allegheny, Luzerne, Lackawanna, Blair, Dauphin, Lancaster, Montgomery, Bucks, Lebanon, Schuylkill and Chester counties to the number of about 150 and at least 200 will go from this city. The party will be marshaled by Lieutenant Governor Walter Lyon. They will not be uniformed, but will wear Quay badges, and expect to make several parades in the convention city headed by a brass band, which will be engaged during their stay in St. Louis.

### Three Startling Assignments.

MARTIN'S FERRY, O., March 24.—Three deeds of assignment were made yesterday that has startled the whole business interests of the Ohio valley. The parties are Henry Floto, a merchant; William Mann, proprietor of Mann's factory, and Thomas Mears, proprietor of the Martin's Ferry keg, barrel and box factory, all considered among the wealthiest men in the community. The assignments are the direct result of the failure last week at Ellwood, Pa., of the Northwood Glass company, for which they had heavily endorsed. The liabilities are not known, but are less than the assets, which are estimated at \$200,000.

### Peace Negotiations Are Being Made.

LONDON, March 24.—Lord Salisbury has sent a reply to the memorial in favor of Anglo-American arbitration of the Venezuela question adopted by the Peace society at a meeting in Queen's hall. The reply is addressed to Right Hon. James Stansfeld, ex-member of parliament, who presided at the meeting: Lord Salisbury says: "I am glad to be able to inform you that this question is receiving the consideration of the government and that proposals in the direction indicated by the memorial are now before the government of the United States."

### Fought in Four Wars.

PHILADELPHIA, March 24.—John Mills Buffington, aged 97, died on Friday from paralysis. He was born on mid-ocean in 1799 while his parents were on their way from Scotland to this country. Mr. Buffington fought in the Black Hawk war, the Mexican war, as a gunner under General Scott, where the cannonading affected his hearing; the Florida war and the war of the rebellion. He enlisted in the latter in 1862 at the age of 63, in Captain Albert Rickitt's Company A, One Hundred and Nineteenth Regiment Pennsylvania volunteers.

### Columbus Assignment.

COLUMBUS, O., March 24.—W. S. Ide made an assignment to Edwin R. Sharpe last night. The assets, mostly real estate, are estimated at \$240,000, and the liabilities at \$170,000. The assignment is the result of slow returns on real estate and failure to meet a large number of notes which are about to mature. The assignment does not in any way affect any of the banks with which Mr. Ide has been connected, he having sold his interest in the Fourth National bank. The assignment is purely a personal one.

## WORKING FOR CUBA

More Resolutions Introduced in the Senate.

### EXTREME MEASURES PROPOSED.

The President Authorized to Take Possession of Cuba and Hold It Until Spain Grants Local Self-Government to the Inhabitants, Using Our Military and Naval Forces if Necessary.

WASHINGTON, March 24.—An unexpected climax to the Cuban debate was reached in the senate yesterday when on motion of Mr. Sherman, chairman of the committee on foreign relations, the Cuban resolutions were recommitted to the conference committee. The vote to recommit was unanimous and without the formality of a rollcall, representing a general concensus of opinion that the committee should so change the resolutions as to overcome the opposition that has developed. Messrs. Sherman, Morgan and Lodge were appointed to represent the senate in a further conference.

Simultaneous with this action, Mr. Mills presented Cuban resolutions which propose to grant local self-government to Cuba, and in case Spain refuses the president is authorized to use the military and naval forces in taking possession of Cuba and holding it until self-government is established by the Cuban people.

Mr. Platt also introduced resolutions limiting the action of congress to an expression of sympathy for Cuba's struggle and authorizing the president to extend the friendly offices of the United States toward securing a free independent form of government.

With the Cuban resolution recommitted to conference, the senate turned its attention to the legislative appropriation bill, which was not disposed of when the senate adjourned.

### TO ABOLISH THE DEATH PENALTY.

The House Puts in the Day Discussing Such a Measure.

WASHINGTON, March 24.—The house spent most of the day considering the Curtis bill to abolish the death penalty in all cases where it is prescribed in the federal statutes (60 in number) save in cases of murder and rape under Sections 5339 and 5345 of the revised statutes, where, however, the jury might qualify the verdict "without capital punishment." The bill makes no changes in the penalties that can be inflicted by military and naval courtmartial. Among the crimes now punishable by death abolished by the bill are murder and robbery on the high seas, accessory before the fact to murder, piracy, etc., on the high seas, destruction of vessels at sea, piracy, arson of vessels of war, etc. The bill failed to pass for want of a quorum.

The senate bill authorizing the leasing of educational lands in Arizona, which was a modification of a bill passed by the house over the president's veto some time ago, was passed, as were also several bridge bills.

### NEGRO LYNCHED.

A Would-Be Ravisher Strung Up by an Infuriated Mob.

SHREVEPORT, La., March 24.—A negro named Ike Pizer was lynched at 8 o'clock yesterday morning near Emporia station, on the Shreveport and Houston railway. The particulars of the lynching, which has just been received in this city, are as follows:

Sunday afternoon two young ladies were walking home on the railroad track near Emporia. On their way they were stopped by the negro Pizer, who offered them a gross insult, which they promptly resented. The black brute then knocked them off the track and was frightened from further violence by the screams of the girls.

The negro fled to the woods and the girls hastened home and detailed what had happened. The news spread far and wide and soon a mob of armed citizens was out on the trail of the negro. The search was continued all night and it was early yesterday morning before his hiding place was discovered. He was at once taken in charge and lynched by the infuriated mob.

### WALLER STILL IN PRISON.

The Ex-United States Consul Will Not Accept the Terms of Release.

LONDON, March 24.—Ex-Consul Waller's solicitor writes to The Times that he declined to accept the conditions upon which the French government offered to release Mr. Waller, namely that he should waive all claims for compensation.

"He was offered his release in November," says the solicitor, "on condition of waiving his claims for compensation, but he preferred to remain in prison. The United States ambassador, Mr. Eustis, informed him that the United States government had authorized the embassy to give security for costs in any action against the French government. We are seeking an amicable settlement with France in his behalf."

### THE MEETING OF MONarchs.

Emperor William Leaves For Genoa to Meet King Humbert.

BERLIN, March 24.—The Emperor and Empress of Germany started yesterday for Genoa where, it is expected, they will meet the King of Italy and embark

on board the imperial yacht Hohenzollern for a Mediterranean cruise. It is not definitely known where Emperor Francis Joseph will meet his majesty.

Previous to the departure of the emperor, General Von Werder, the German ambassador to Russia, arrived here and presented his majesty with an autograph letter from the czar.

### PHILADELPHIA FIRE.

Nearly Half a Million Dollars' Worth of Property Destroyed.

PHILADELPHIA, March 24.—Chestnut street, west of Fifteenth, was visited by a most destructive fire last night, which for a time threatened to prove as disastrous as the fire of Feb. 3, when the 7-story Hazeltine building and that of the Baptist Publication society were destroyed. The fire broke out about 5 o'clock in the 6-story building of the Thackeray Manufacturing company, manufacturers and dealers in fancy gas fixtures and candelabra, at 1524-26 Chestnut street.

The firm employs about 200 hands, who were at work at the time. The fire originated in the front cellar and was not discovered until it had eaten its way through the first floor. An alarm was sounded, but before the engines arrived the entire front part of the building was on fire. Meanwhile a majority of the workmen made their escape. About a dozen or more, however, were hemmed in and had to be taken from the windows by the firemen.

The Thackeray building runs from Chestnut street to Sansom, a distance of 236 feet, and has a frontage of 40 feet. It is owned by William Weightman and is valued at \$300,000, fully covered by insurance. The rear part was but slightly damaged. The loss on the building will amount to about \$150,000. The Thackeray company's stock, machinery and patterns was valued at about \$250,000. These are a total loss, but are protected by an insurance of about \$150,000.

Hale & Johnson, architects, occupied several rooms, and met with small losses. Sharpless & Watts, manufacturers of tiles and mosaics in the Baker building adjoining, lose about \$20,000, principally by water. In this same building are a number of tenants who occupied the Hazelton building at the time of that fire. They, along with a number of others, met with small losses.

### SORROW AND HAPPINESS.

Opposite Feelings Manifested Upon the Arrival of a Steamer.

BALTIMORE, March 24.—Among the passengers which came ashore from the North German Lloyd steamer Braunschweig, which arrived at this port yesterday from Bremen, was a baby boy, who first saw the light on March 14, when the ship was five days out. The little fellow's mother gave up her life in bringing him into the world and was buried at sea. Felix and Maria Anna Szymauska of Lachowa, Germany, were his parents, and they were on their way to South Bend, Ind., to live.

Among those who were anxiously awaiting the arrival of the Braunschweig was Franz Hartman of Cincinnati, who had in his pocket a license to marry Katherine Polster, one of the passengers. As soon as the ship came in the marriage was solemnized, and Mr. and Mrs. Hartman left for Cincinnati.

MURDERER HOLMES' CONFESSION.

Large Amounts Offered For It by New York Publishers.

PHILADELPHIA, March 24.—Efforts are being made by several Philadelphia and New York publishers to induce Murderer Holmes to make a full confession and to tell the story of his life. One New York publisher began with an offer of \$1,000 for a truthful and detailed story of his criminal career and gradually increased it to \$5,000 because of the indifference of the condemned man.

While Holmes was considering this last proposition, a rival New York newspaper offered him \$7,500 flat for the same thing. It is not known whether he has accepted the offer, but he has been doing a good deal of writing lately, the character of which has concealed.

### Death of Thomas Hughes.

LONDON, March 24.—Judge Thomas Hughes, F. S. A., B. A., author of "Tom Brown at Rugby" and of "Tom Brown's School Days," died at Brighton Sunday evening. Judge Hughes was born in 1823. The town of Rugby in Tennessee is called after the famous Englishman. Mr. Hughes and a number of his English friends went to America and started a colony. It was successful, though not remarkably so from a financial standpoint.

### Pearl Bryan's Murderers Plead.

NEWPORT, Ky., March 24.—Scott Jackson and Alonzo Walling were arraigned yesterday for the murder of Pearl Bryan, both pleading not guilty. Their demurrers to the indictment were overruled. Judge Helm granted their motions for separate trials. Jackson will be tried first, beginning April 7, and his attorneys were notified that no further continuance will be allowed.

### Man, Wife and Child Burned to Death.

CHARLESTON, W. Va., March 24.—The most horrible fatality that has happened in this section for a great while was the burning to death of William Coxey, his wife and one child on Paint creek yesterday morning. It appears that the house caught fire and before they could get out the accident happened. Two grown daughters escaped from the burning building.

## EXPLOSION IN A MINE

Thirteen Men Killed in a Pennsylvania Mine.

### THE BODIES HORRIBLY MANGLED.

Berwind-White Shaft at Dubois Was the Scene of the Awful Tragedy—A Similar Accident at Adrian, Pa., in Which Two Men Are Known to Have Been Killed and a Number of Others Missing.

DUBOIS, Pa., March 24.—A terrific explosion of gas occurred at the Berwind-White shaft, in the eastern limits of this city, yesterday, and 13 miners were killed. The mine is a new one, which the company has been opening up and working crews in shifts to push the headings out in various directions for big work later on. Eighteen men went in at 7 o'clock yesterday morning, 13 going into the north heading and four into the south heading.

At about 10 o'clock the four men were sensible of a shock, and a few minutes later the mine boss came to them and told them something had happened and that they should get out as soon as they could. When the party, then consisting of five, reached the foot of the shaft, they were nearly overcome by gas, and were hurriedly taken up in the cage. Assistance was

"WHEN a Judge of the Court of Appeals enters the State house with a bayonet at his breast, people may begin to understand what Republican rule means," remarks the Cynthiana Democrat.

THE Cynthiana Democrat serves notice that the Democratic nominee for Congress next November must hail from Harrison. It adds: "When the proper time arrives the proper man will be forthcoming."

THE Republicans of Muhlenberg County selected delegates Saturday to the State convention and instructed them to vote for McKinley, "first and last and all the time," for President against Bradley. Disapproval of the Governor's action in calling out the militia is believed to be the cause of the McKinley instructions. The Governor's friends had better distribute that \$5,000 pretty quick if they want a solid delegation from Kentucky.

### ENCOURAGING FIGURES.

The figures issued by the Bureau of Statistics on exports and imports for February and for the eight months ending in February, 1895 and 1896, reflect the condition of our foreign trade most encouragingly.

In February, 1895, we sent abroad only \$55,982,734 worth of merchandise. In February this year our exports of goods amounted to \$87,719,938, a gain of more than \$21,000, or over 38 per cent.

For the eight months ending with February, 1895, our exports of merchandise amounted to \$557,885,568. For the corresponding eight months of this year they were swelled to \$602,614,981.

Our imports for February, 1895, were \$58,315,981. For February, 1896, they were \$62,487,297. For the eight months in 1895 they were \$466,233,616, while for the eight months of this fiscal year they were \$541,212,774, a gain of nearly \$75,000.

These figures mean that the people of this country have been busier this year than last, says the Washington Sentinel; that they have had a larger trade both in exports and imports; that they have sold more goods and are able to buy more; that more men and women have been employed, more wages paid and a greater prosperity secured. It is a good showing and an encouraging one.

### APPROVED THESE BILLS.

Governor Bradley Signs Several Measures Passed by the Late Legislature.

Governor Bradley has approved the following bills, viz:

An act to establish two State Houses of Reform—one for boys and one for girls.

An act concerning liens. This bill gives a lien to contractors as well as to contractors.

An act for the benefit of ex-Sheriffs, which allows them two years to collect taxes due them, and which they have paid the State.

An act to amend the law of corporations, so as to allow trust companies to organize in counties having less than 20,000 inhabitants, with a capital of \$25,000.

An act to prevent fraud in canning fruits, vegetables, etc.

Governor Bradley Monday morning approved the fish bill, which prevents seining except in private ponds and in waters forming border lines of the State.

TRY CHENOWETH'S COUGH SYRUP. It is guaranteed to cure your cough, or money refunded.

The plain, bald truth is that Gov. Bradley filled the Kentucky State-house with soldiers not to preserve the peace, but to accomplish a purely partisan political purpose. The troops were there simply to place two votes in the Joint Assembly, which it was thought would suffice to elect a Republican United States Senator. The desperate scheme failed, and Gov. Bradley must bear the ignominy of defeat as well as of the revolutionary usurpation of power.—St. Louis Post-Democrat.

### IT MAY DO AS MUCH FOR YOU.

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. At J. James Wood's drug store.

### A PECULIAR ACCIDENT.

But Happily it Resulted in Little Damage and No Injury to Any One

[Ashland News.]

A very peculiar accident occurred on the C. and O. road below Kenova a few nights ago. Just below Kenova a freight car left the track from some cause, while in the make up of a freight train westbound. It ran along a distance of nearly a mile and a half still off the track, bumping over the ties in lively fashion, mashing off spike heads and the bolt heads in the fish plates until, after crossing the Big Sandy bridge, it struck a frog at the juncture of the O. and B. S. division, and regained the rails. There were three westbound freights closely following each other on the night in question, and just previous to the discovery of the damage, so it is not known in which the car was located. The queer part of it all was that none of the crew discovered the trouble, and that it succeeded in holding so closely to the rails for so long a distance. Its jumping back on the track was equally novel. While we are aware that this little story has an air of decided improbability, it is furnished us by a railroader of undoubted veracity, and we naturally presume it to be and accept it as truth.

### PUNCTURED HIS OWN BOOM.

That's the Way They Regard Bradley's Action at Washington City.

[Washington Post.]

The Kentucky situation was discussed on the House side with a great deal of interest. Republican members from that State take a deprecating view of the action of Gov. Bradley in calling out the State militia, and aside from relieving the Presidential situation of one favorite son, his course is regarded as almost certain to throw the State back into the hands of the Democrats. That it takes Bradley out of the Presidential race is discussed in the light of an absolute certainty. One prominent Republican who was running for election as a Bradley delegate to St. Louis has withdrawn from the race, and other evidences of disintegration among the Governor's supporters are rapidly forthcoming.

### BIG DAMAGES WANTED.

In the Robertson Circuit Court last week the damage suit brought by Elsie Hawkins against ex-Legislator W. A. Morris and wife was postponed until next term. Hawkins, in the first place, sued for \$10,000 damages, but at this session brought in an amended petition asking for \$17,500.

Hawkins, who is a well-known merchant and stockman, sued Morris for a store account, which the latter claimed had been paid. Hawkins claims that Mrs. Morris said some very unkind things about him and even denounced him in church. He was being installed as an officer, and Mrs. Morris got up and protested strenuously against it.

### PAINS IN THE BACK.

## That

Extreme tired feeling afflicts nearly everybody at this season. The hustlers cease to push, the tireless grow weary, the energetic become enervated. You know just what we mean. Some men and women endeavor temporarily to overcome that

## Tired

Feeling by great force of will. But this is unsafe, as it pulls powerfully upon the nervous system, which will not long stand such strain. Too many people "work on their nerves," and the result is seen in unfortunate wrecks marked "nervous prostration," in every direction. That tired

## Fee-

ing is a positive proof of thin, weak, impure blood; for, if the blood is rich, red, vitalized and vigorous, it imparts life and energy to every nerve, organ and tissue of the body. THE LAW IS PLAIN,

But the Statutes Cut Little Figure When It Comes to Paying Unseated Senators.

FRANKFORT, Ky., March 19.—Notwithstanding the fact that Senators James and Walton were unseated six days before the close of the session, the State Auditor issued warrants to them for the six days they did not serve, and issued them on a certificate made out by Lieutenant Governor Worthington, which, according to the following section of the statutes, is directly contrary to law:

"Section 342. The pay and mileage of the Lieutenant Governor, President pro tem. of the Senate and Speaker of the House of Representatives, and members of both Houses of the General Assembly, the compensation to the officers of the two Houses, except the chief clerks thereof, to be made on the certificates of the respective clerks of the amount due:

"Section 343. The pay and mileage of the Lieutenant Governor, President pro tem. of the Senate and Speaker of the House of Representatives, and members of both Houses of the General Assembly, the compensation to the officers of the two Houses, except the chief clerks thereof, to be made on the certificates of the respective clerks of the amount due:

"Section 344. The pay and mileage of the Lieutenant Governor, President pro tem. of the Senate and Speaker of the House of Representatives, and members of both Houses of the General Assembly, the compensation to the officers of the two Houses, except the chief clerks thereof, to be made on the certificates of the respective clerks of the amount due:

"Section 345. ### CAMPBELL KING.

Death of an Old Citizen of the County at His Home Near Stone Lick.

Mr. Campbell King, one of the county's old citizens, died Monday morning at 11 o'clock at his home near Stone Lick, of general debility.

Decceased was born near Lewisburg, and was about eighty-three years of age. His father was William King, one of the early settlers of the county, while his mother's maiden name was Campbell. She was born near Richmond, Va. He was married three times, his first wife being a Miss Curtis, his second a daughter of Humphrey Marshall, of Lewis County, while his third was a Miss Cluxton. He survived all of them. He leaves five children, two by his second marriage and three by his last. Decceased was an uncle of Mr. H. M. King, of this city.

The funeral occurs this afternoon at 3 o'clock at Stone Lick Baptist Church, with services by Rev. Robert Tolle.

### A NATIVE OF MASON HONORED.

Elizabeth Bryant Johnston Elected Historian General by the Daughters of the American Revolution.

The Daughters of the American Revolution at their fifth Continental Congress unanimously elected Elizabeth Bryant Johnston as their Historian General.

Her friends in old Mason, her native county, will be pleased to note the distinction conferred on Miss Johnston by the most cultured and distinguished assemblage of ladies ever convened in this country.

The Christian Advocate of New York, in its editorial column, says of Miss Johnston's latest work:

"The quotations concerning Washington, published last week, have pleased many. Some ask us if we know of any work devoted to the subject. We are pleased to refer them to a remarkable compilation, "George Washington, Day by Day," by Elizabeth Bryant Johnston. This work, briefly reviewed in the Christian Advocate at the time of its appearance, gives the events of Washington's life from birth to death, under date of the day of the year on which they occurred. Industry and taste have been displayed in its preparation. Many prominent educators endorse it, and those who desire to familiarize themselves with the styles of many writers, and with the world's estimate of George Washington, will do well to possess themselves of it. Its publishers are the Baker & Taylor Company, New York."

### UNHEARD-OF DEATH.

**Church Steeple Struck by Lightning and Two Painters Killed.**

GUTHRIE, O. T., March 24.—News of a most remarkable occurrence has been received here from Beaver county. At the little postoffice town of Grand the Baptist congregation is building a hand-some church surmounted by a spire 75 feet high. James Ford and Harry Somers, painters, were employed to oil and paint the spire. Saturday, while they were giving the finishing touches to the top of the church, a thunderstorm came up, accompanied by fierce flashes of lightning.

After a terrific clap of thunder a blinding flash of lightning struck the spire, knocking away the painters' scaffolding, splitting the spire and leaving Somers and Ford on the roof dead. To add to the awful scene, the clothing of the two men was ignited by the flash and for 10 minutes the bodies were seen burning and smoking in midair. Rain finally extinguished the flames, and three hours later the remains of the painters were brought down charred and incinerated and almost unrecognizable.

### FOUR MEN INJURED.

**Riot Follows a Lecture Delivered by an Alleged Ex-Priest.**

SCRANTON, Pa., March 24.—Following a lecture given at the Christian church at Dunmore yesterday afternoon by an alleged ex-priest named Ruthven, a fight broke out during which about 50 shots were fired and resulted in four men being injured. They are Fred Mink of Pittston, probably fatally shot in the back; Frank Heller, shot in the leg; William Seagraves, shot in the ankle, and a man named Murphy.

The ex-priest is charged with precipitating the trouble. He has been giving lectures in this vicinity for some time and as he was leaving the church yesterday fully 500 people gathered about the place and greeted him with a volley of eggs. It is claimed he immediately drew a revolver and fired in the air. Revolvers were then fired off in every direction with the above mentioned result. Ruthven fled to this city and denies he fired the first shot.

### DEMANDED AN APOLOGY.

**For His Reply He Got a Bullet in His Shoulder.**

ROCHESTER, March 24.—John A. C. Wright, well known throughout this and other states as an exponent of better country roads, yesterday shot Henry Quinby, son of the late General Isaac Quinby. Mr. Quinby is a bookkeeper at the Union bank. The wound was not serious. From facts obtained by the police it is alleged that last week Mr. Wright wrote a note to Mrs. Quinby, widow of the late general, to which the son took objection.

Quinby, it is stated, went to Wright's office and demanded an apology. Wright, it is alleged, refused to make an apology and Mr. Quinby slapped him in the face. After some words Wright drew a revolver and shot Quinby in the shoulder. Wright was arrested and late last night released on \$5,000 bail. It is said his family will ask for a committee to inquire into his safety.

### Three Boys Killed by a Train.

CHANDLER, Tex., March 24.—The dead bodies of three boys, aged 18, 15 and 11 years, named Boone Smith, Tom

Shiftlet and Charles McMillan, respectively, were found on the railroad track two miles south of Brownsboro, supposed to have been killed by a train during the night. The first two named lived at Brownsboro, and the third in the Indian Territory. From information had from outside parties it seems the boys had run away from home.

### Warship Burned.

ST. LOUIS, March 24.—A report to the Republic from New York says: News has reached here from La Guayra, Venezuela, of the burning on Sunday night last, off Margarita, of the Venezuelan warship Mariscal de Ayacucho. Eight men were killed by the explosion. The balance of the crew was rescued by fishermen. The warship was burned to the water's edge, but the hull was saved and taken in tow to La Guayra.

### Trying to Recover Buried Money.

FORT WORTH, Tex., March 24.—Mrs. H. Adicock is here consulting with lawyers about proceeding to recover \$18,000 found in a well in Houston county, near Fort Valley, Miss., a few days ago by a well digger. She claims her husband, a Confederate soldier, buried the money during the war, and afterward, being killed, did not reveal the hiding place to the family.

### Peace Negotiations Broken Off.

ROME, March 24.—The Italia says General Baldissera, the commander-in-chief of the Italian forces in Africa, has broken off peace negotiations with King Menelik, the latter's demands being excessive. They include the payment by Italy of 25,000,000 lire in gold.

### Nearly a Quarter of a Million.

WASHINGTON, March 24.—The treasury yesterday lost \$214,600 in gold coins and \$24,500 in bars, which leaves the true amount of the reserve \$127,683,465.

### FIRE IN COLON.

NEW YORK, March 24.—The World has a special cable dispatch from Colon, dated March 23, which says:

A terrific fire raged here for five hours and burned itself out at 9 o'clock last night. It destroyed the better half of the commercial part of Colon, including a large number of tenement houses, every important Chinese store and the hotels and government buildings, including the prison and school, the markets and the courts of justice.

All of the Panama railroad property was saved, only a few cars being burned.

There was much looting of property during the excitement of the fire.

One life was lost and hundreds are left homeless.

The Panama fire brigade came across the isthmus to assist in fighting the flames.

The damage is roughly estimated at \$500,000, the insurance covering about one-twentieth part.

Business has been suspended.

### Icebound Five Weeks.

ERIE, Pa., March 24.—The Pittsburgh, Shenango and Lake Erie car ferry steamer Shenango No. 1, which has been fast in the ice 15 miles off this port for the past five weeks, has finally been liberated by her sister steamer Shenango No. 2 and towed to Conneaut, O. The crew of the icebound vessel have been short of provisions and fuel for a week or more.

### CINCINNATI TOBACCO MARKET.

**Offerings of Good Size—Old Stock Advanced in Price—Other Grades Improved.**

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

The offerings during the week were of good size and about evenly divided between old and new, with better attention given by the buyers than we have noticed for some time. Old stock was certainly advanced in price, particularly on the two first days of the week, and the mediums, we think, shared the largest part of the improvement. The bidding was not as strong in the latter part of Thursday, which was probably due to the very dark and disagreeable day. On Friday the sale was light and the bidding quick, with prices as strong as at any time during the week.

Though the sales have been of fair size during the last few weeks, stocks have not been reduced and continue larger than usual at the time of the year. This is the result of very light sales in December and January and the consequent accumulations. We think, however, with the present increased demand for old tobacco, stocks will reduce from now on, and we advise holders to gradually close out and put themselves in better shape to handle the new.

We have every hope that our market will handle even a larger proportion of the burley crop than it did last year, and will retain its reputation of being the burley market of the world. This fact seems to be thoroughly understood by all the large purchasing interests, and the number of our buyers is continually increasing. Several new ones have only recently established themselves in our city, and their competition has added considerably to the general interests of our shippers.

Our recent recommendation, to the sellers to use not only the two middle days of the week for their offerings has been responded to by a number of them, and while as yet the sales on Tuesday and Friday have been only slightly larger, the good result is making itself felt in that the buyers show increased interest on these days. The fact is, if we take a part of the burden from Wednesday and Thursday, and distribute it over the remainder of the week, it will make it interesting enough to always command a full attendance.

ALTHOUGH a very busy man, Dr. R. V. Pierce, of Buffalo, N. Y., has found time in which to write a great book of over a thousand pages entitled, *The People's Common Sense Medical Adviser, in plain English or Medicine Simplified*. Few books printed in the English language have reached so great a sale as has this popular work, over 680,000 copies having been sold at \$1.50 each. The profits on this enormous sale having repaid its author for the great amount of labor and money expended on its production, he has now decided to give away, absolutely free, 300,000 copies of this valuable book, the recipient only being required to mail to the World's Dispensary Medical Association, of Buffalo, N. Y., of which company he is President, twenty-one (21) one-cent stamps, to cover cost of mailing only, and the book will be sent postpaid. It is a veritable medical library, complete in one volume. It contains 1008 large pages, and over 300 illustrations, some of them in colors. The *free edition* is precisely the same as that sold at \$1.50 except only that the books are bound in strong manilla paper covers, instead of cloth. It is not often that our readers have an opportunity to obtain a valuable book on such generous terms, and we predict that few will miss availing themselves of the unusual and liberal offer to which we have called their attention.

### LOUISVILLE TOBACCO MARKET.

**Another Week of Light Receipts. Burley Has Been More Animated, With Better Prices For All Grades.**

The following is furnished by Glover & Durrett, of the Louisville Tobacco Warehouse:

Sales on our market for the week just closed amount to 3,959 hds. with receipts for the same period 1,861 hds. Sales on our market since January 1st amount to 48,888 hds. Sales of the crop of 1895 on our market to this date amount to 47,282 hds.

We have had another week of light receipts and large sales consequently are reducing stocks very fast. The market for burley tobacco has been more animated and regular, with better prices for all grades, even the common greenish sorts have been a little stronger. The sweating season is approaching and shippers should be more particular as regards order.

The following quotations fairly represent our market for burley tobacco, (1895) crop:

Trash (dark or damaged)..... \$ 75.00 per 100 lbs.  
Common lugs, not color..... 2.00¢ per 4.00 lbs.  
Medium to good color lugs..... 4.00¢ per 6.00 lbs.  
Common color lugs..... 2.00¢ per 4.00 lbs.  
Medium to good color lugs..... 4.50¢ per 7.00 lbs.  
Common to medium leaf..... 5.00¢ per 9.00 lbs.  
Medium to good leaf..... 8.00¢ per 15.00 lbs.  
Good to fine leaf..... 15.00¢ per 18.00 lbs.  
Select wrapper leaf..... 18.00¢ per 22.00 lbs.

The above quotations are not applicable to green and frosted crops.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

### Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constituted condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed.

If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
